The bus drivers are all working hard for their grand ball, which will take place at the Bellevue Hotel on the 8th of September. The tickets are selling fast and a large crowd is expected.

J. H. Weise, the republican candidate for Supervisor, was in town last Saturday. Mr. Weise is quite popular here and no doubt will be elected at the primaries as the Republican candidate at the November election.

There is still a large crowd here and the road between this place and Boyes Springs looked like Market street, San Francisco, last Sunday. Pretty girls were the principal feature and most of them remained to spend a few weeks here.

The former team is on the bet and the Colts will find them hard to curry. James Baines and A Block will be the batteries and it is said that James is right there with his famous Canadian curve which a professional would find hard to hit. Al Weaver expects to make a home run and break the ball in several pieces. The other boys will all be on deck and Senator Jim Baines, the captain, has already claimed victory and is arranging another game to be played in Sonoma.

FIVE CANDIDATES FOR SUPERVISOR

Two Republicans, Two Democrats and One Lone Socialist Seek the Office at the at the Primary Next Month

There are five candidates in the field for Supervisor of the First District who have filed their nomination papers and whose names will appear printed upon the ballot of their respective parties at the primary election on Tuesday, September 3d—two Republicans, two Democrats and one Socialist. The result of the balloting on that day will determine which of the five will be the nominee of his party. These candidates are as follows :

J. H. Weise, Republican, whose home is in Glen Ellen, and who has lived in that place all his life. He was a Deputy Sheriff of this county for four years under former Sheriff Sam I. Allen and has been quite prominent in Republican political circles in this county for many years. Everybody in the district knows big, smiling Harry Weise and he needs no introduction to the people of this district at our hands.

John D. Ellis, his Republican competitor for a place on the ticket, is a leading business man of Vallejo township, where he has resided for twenty years. He is a gentleman of fine personality and will give "Big Harry" a merry race for the Republican nomination.

J. M. Allisor, Democrat of Agua Caliente, also seeks the nomination at the hands of his Democratic fellow citizens. He is a prosperous and successful farmer who has resided in this valley for six years and stands well with his neighbors and if he should get the nomination will no doubt make a good run against his Republican competitor, whoever he may be.

Blair Hart, incumbent, has been urged by the Democrats and many other supporters regardless of political faith to again allow his name to go before the people of his district for the Democratic nomination, claiming his nomination would be equivalent to election. However, that may be, the popularity of Mr. Hart, who has served all the people of his district faithfully and well as Supervisor the past twelve years, cannot be denied and he would be a strong candidate on any ticket. Without disparagement to the other candidates for Supervisorial honors we must say that Blair Hart has made good during his twelve years incumbency and has won the distinction of being the best Supervisor this district ever had if we except ex-Supervisor P. H. Thompson.

The fifth candidate is Stephen Prout of Cotati, who seeks a place on the ballot at the general election in November as the Socialistic nominee. As Steve has no competitor for the honor he is the only one in the bunch that is a sure winner in the primary contest. This is as certain as that he will be a loser in the general election which is to follow the primary.

SONOMA'S CARNEGIE LIBRARY BUILDING

City Trustees Receive Bids for its Construction---Contractor Newman's Bid of $6,894 the Lowest

At an adjourned meeting of the City Trustees on Friday night of last week held for the express purpose of opening bids for Sonoma's new Carnegie Library building, four bids were received for the building of the structure as follows; M. J. Pierce, $8970.00 Geo. Reilly, $9500.00; J. B. Newman, $6894.00. F. C. Sullivan, the fourth bidder, failing to put up a certified check for $100, received no recognition from the Trustees and his bid was not considered. Both Reilly and Newman put in alternate bids, the latter for $7875 and the former for $11,450.

All the bids were rejected except that of J. B. Newman for $6894, which being the lowest, was taken under consideration.

As the plans submitted to Andrew Carnegie call for a $6000 building, which is the amount to be donated by the philanthropist, and there being no other money available at this time to close the contract for $6894, which is an excess of $894 over the estimated cost of the building, Newman's bid being the lowest and the best was taken under advisement, to enable the Trustees and the people of Sonoma Valley to devise some means of making up the deficiency.

It will be impracticable to alter the plans so as to bring down the cost of the building to $6000 for several reasons. In the first place any alterations to bring down the cost will destroy the symmetry of the building and, secondly, should this be done the new plan would have to be submitted to Mr. Carnegie for his approval, which would cause much delay and confusion and mayhap might lose to Sonoma the donation of $6000 altogether, in which case it would be all off for the library building.

This being the case the Trustees are anxious to devise ways and means for raising the additional $894 to pay for the $6,000 building as planned by architect A. C. Lutgens and accepted by Mr. Carnegie, and they should receive the hearty cooperation of the people of both town and valley in raising the balance of the money to close the contract with Mr. Newman with as little delay as possible.

Moose Picnic Tomorrow at Lawrence Villa Park

The Sonoma Moose will hold forth tomorrow (Sunday) at Lawrence Villa Park, with a grand prize picnic and games. Music for the occasion will be furnished by the Sonoma Valley Band of twenty-eight pieces. It gives promise of being one big time for all who attend.

RACE MEET HERE ON ADMISSION DAY

The Sonoma Valley Driving Club Will Make It One of the Greatest Racing Events Ever Held Under Its Auspices

At a recent meeting of the Sonoma Valley Driving Club it was decided by its members, most of whom are prominent business men and farmers of this valley, to give a race meet on its track here on Monday, September 9th, which will eclipse all previous efforts on the part of the club to give the lovers of fast horses their money's worth.

The track is being overhauled and put in fast shape and some record-breaking events are promised on that day.

The entries for the trotting, pacing and running races will embrace a number of noted horses from various sections of the State to contest for the liberal purses to be offered by the club.

The President of the driving club, S. B. Lewis, and Joe F. Ryan, its Secretary, and in fact every individual member and there are thirty-five of them, will make things hum between now and September 9th now that it has been decided to hold the meet and to to make the coming races the greatest ever.

House Burned to Ground

A cottage belonging to Kate Carriger in the western foothills and located on her 100-acre farm adjoining the Rixford place, caught fire last Wednesday morning and with its entire contents was burned to the ground. The fire then spread to the adjoining pasture lands and before it could be stayed considerable pasturage was burned over and much dry feed was consumed.

The cottage was occupied by a family from Palo Alto, and was valued at $1,600. It was insured for $1,200.

The cause of the fire is unknown.

Buys Auto Truck

Nichelini & Maffei, of the N. & M. Hardware Company have purchased a new International auto truck, which they are now using in their rapidly increasing out-of-town business. C. B. Welch, representing the California Moline Plow Company, from which the truck was purchased, was in town one day last week demonstrating the efficiency of the vehicle, and one of the feats he essayed to perform with the truck was the climbing of the steep hill leading to the Schocken quarries in the northern part of town, and he succeeded easily, too, much to the amazement of a number of spectators who turned out in the expectation that the trial climb would be a failure

Death From Lockjaw

Frank W. Bulsing, who recently located on a twenty-acre tract on the Daly ranch one mile east of town, died at the Leix Sanitarium in great agony last Saturday from lock-jaw, the result of an injury received some weeks previous to his death. Dr. Leix was called in and had the patient removed to the sanitarium, and Dr. E. Z. Hennessey of Napa was called into consultation and it was seen at once that the man's case was hopeless—he had neglected treatment too long.

The deceased, who was a comparative stranger here, was 52 years of age and leaves a wife and several children. The remains were interred in Valley Cemetery Monday.

Studies will be resumed in the Convent school on Monday, Aug. 19. A large attendance is anticipated and the pupils are expected to be in prompt attendance on the first day.

DEATH OF DR. GEORGE D. RICH

Passes Away in Petaluma After a Heroic Struggle Against the Inevitable

Dr. George D. Rich, for a number of years a successful practicing physician in this city but who removed to San Francisco seven or eight years ago, where he took up the practice of an eye specialist with offices in the Flood building, is dead.

He passed away at the home of his mother in Petaluma at four o'clock Wednesday afternoon, after a heroic struggle of five years against failing health.

Shortly after the earthquake in San Francisco in April, 1906, the doctor's health began to fail and he removed to the dry climate of Arizona in the hopes of healing his lungs, which were in bad shape. While there he picked up rapidly and was in a fair way to covering his health when he was injured in a railway wreck, which crushed his ribs, one of which punctured one his lungs, making his recovery in his already enfeebled condition all but hopeless.

Dr. Rich several years after engaging in practice here was married to Miss Vinnie Morris, daughter of J. B. Morris of Agua Caliente, by whom he had two children.

The deceased was a member of Temple Lodge, No. 14, F. & A. M. of this city.

The funeral took place in Petaluma on Friday afternoon, the remains being interred in Cypress Hill Cemetery.

Sonoma Wins Again

Just to show the Sonoma Valley fans how much class their base ball team had the Sonoma Regulars got together last Sunday afternoon and shut out the fast McDonald & Collette club of San Francisco.

The city boys came here with a record of 14 games won and only 2 defeats for the season. Hence the local players expected a hard game. Not so, however.

For two or three innings the contest was even. Then the home boys forged ahead and put the game on ice.

Al Jansen pitched a fine game for the winners, striking out 15 men and allowing but 7 scattered hits. Other features of the contest were the pegging of G. Block, the base-running of Leiser and the heavy batting of the Sonoma team. Geo. McNab officiated as umpire. The score was as follows:

	R.	H.	E.
Sonoma	7	12	4
M. & C.	0	7	6

Batteries: Sonoma—Jansen and G. Block, M. & C.—Barrow and Menke.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature' own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

J. G. KENT, ESQ.

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes MR. JAMES G. KENT, of 710 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

Mischievous Boy Fined Fifteen Dollars

Julius Massuico, an eighteen-year-old kid, who was arrested Monday on complaint of Collins & Mohr, proprietors of the Don Theatre, charged with malicious mischief, appeared before Judge Campbell last Tuesday, and plead guilty to the charge and was fined $15.

Young Mussuico, who is not a vicious lad by any means, with other mischievous boys has been in the habit of throwing rocks on several buildings on the north side of Napa street near the Don Theatre, much to the annoyance of property owners in the block. On Saturday night last while engaged in this mischievous practice a rock hurled by Mussuico, crashed through the glass awning in front of the playhouse, doing considerable damage. Hence his arrest, which ought to act as a warning to other mischievous boys in this town of which there are quite a number.

Carl Poppe is back again from a business trip to the metropolis.

Mrs. L. J. Dunn has returned home after a week's stay in San Francisco.

School opened Monday and the children look happy and healthy after their summer vacation.

Three nights a week manager Coillns shows moving pictures here in Mervyn Hall.

Henry Ahlers shipped four cars of pears to San Francisco this week, and will send in all about ten cars.

Miss Bernice Monahan returned to her home here Sunday evening after a two-weeks visit with her sister, Mrs. J. Daly of San Rafael.

Mrs. Sheffers is on the road to recovery and Dr. Francis reports that she will be around again within a few weeks. This will be good news to her many friends.

The Glen Ellen nine crossed bats with the El Verano team last Sunday but the game ended with some misunderstanding. Both sides played good ball.

Chas. Poppe has bought all the stock of the late Clark Bros. shoe store. Now what is "Sir Charley" going to do with 500 pair of baby shoes? Glen Ellen is not "Storkland".

There is some talk of having a two-day carnival here in the near future, with games, side-shows, tug-of-war, baseball, hayseed band and a grand all-night ball. This sure would be a great boom to Sonoma Valley.

There will be a grand ball at Chauvet Hall next Saturday evening, August 17th, for the benefit of the baseball team of this place. The floor will be under the management of J. M. Sobbe who will be ably assisted by his aids Messrs. Bob Harben, J. F. Trusty Walter Hardman and E. W. Sobbe.

The Hay Market

The condition of the hay market for the week ending August 13th, as reported by Somers & Co. in their weekly bulletin, is as follows:

"Receipts of hay continue very heavy on our market, 5070 tons having arrived during the week, which is somewhat less than was received the week previous but nevertheless sufficient to keep the hay tracks and wharf congested, as this quantity of hay cannot be absorbed. Local prices are weak and in fact lower with the single exception of fancy wheat and tame oat hay which is absolutely free from any strain or damage caused by the late rain. There is very little of this class of hay arriving for it seems to be the general opinion that this class of hay is scarce and consequently will sell at much better prices later on and therefore holders of same are inclined to store for future use rather than sell at the present time.

"Conditions in the country are practically the same as they have been for some little time past, the farmers being generally firm in their ideas of price but as there has been only very little buying of late on the part of the dealers, some farmers are getting a little more anxious to sell and therefore willing to accept prices which they would not formerly consider.

"Alfalfa is arriving quite freely although is moving off readily at fairly satisfactory prices. The demand for alfalfa is quite steady, especially for shipment throughout the interior of the State. Although practically all of the first and second cuttings of alfalfa were damaged by rain and the later cuttings of course without damage and by reason of the wide difference in price of No. 1 grain hay No. 1 alfalfa, many consumers are buying alfalfa quite freely. This we believe a wise move for alfalfa when fed to horses in conjunction with grain hay, makes excellent feed and is also enonomical.

WINE MEN AND PANAMA EXPOSITION

Are Planning for a Big Exhibit at the 1915 World's Fair in San Francisco

The wine men of California have organized for the purpose of making a rare exhibit of the viticultural products of the state in the Agricultural Palace of the 1915 Exposition, and already the demand for space from the different viticultural sections assures the necessary finances to make it an impressive, educational display. Sonoma county is much interested and is well represented on committees.

The officers are Hon. L. W. Juillard, of Santa Rosa, President; Wm. Hanson, first vice president; Secundo Guasti, of Los Angeles, second vice president; E. M. Sheehan, of Sacramento, third vice president; Andrea Sbarbobo, treasurer; H. F. Stoll, secretary.

Executive Committee—Hon. L. W. Juilliard, Wm. Hanson, Secundo Guasti, E. M. Sheenan, Andrea Sbarboro, H. F. Stoll, Carl Bundschu, Frank Busse, Theodore Gier, E. L. LaRue, W. W. Lyman, Paul Masson, J. P. Overton, E. C. Priber, C. Schilling, Frank Swett, M. F. Tarpey, C. H. Wente Wm. Wehnet and C. J. Wetmore.

Organization and Finance Committee—A. S. Sbarboro, chairman (Sonoma, Lake, Mendocino); E. C. Priber, chairman (Napa and Solano); Theo. Gier, chairman (Alameda and Contra Costa); Paul Masson, chairman (Santa Clara and Santa Cruz); C. Schilling, chairman (San Francisco, Marin, San Mateo); E. M. Sheehan, chairman (Sacramento, Yolo, Placer and Tehama); J. F. Peters, chairman (San Joaquin, Stanislaus, Merced); M. F. Tarpey, chairman (Fresno, Madera, Kings, Tulare); Secunda Guasti, chairman (Southern California.)

Exhibit Committee F. Busse, Carl Dresel, Sophus Federspiel, Theodore Gier, Max Goldschmidt, E. H. Lang, Paul Masson, Chas. Oldham, R. H. Rixford, E. M. Sheehan, C. J. Wetmore and Wm. Wolff.

The grape growers of the state are to concentrate their efforts on a Grape Day, which the exposition company has promised to feature. It will consist of a picturesque parade in the morning; a literary program in the afternoon, followed by the distribution of tons of grapes and thousands of samples of raisins and wines, while in the evening the wine men of California will act as hosts to the grape growers and wine men of the world at a novel banquet in the California Counties Building, at which our finest dry, sweet and sparkling wines will be served.

In short, the grape growers and wine men intend to leave no stone unturned to impress the visitors to the Exposition with the importance of California's viticultural industry, as they have been warned by the Exposition officials that France, Germany, Italy, Spain, and Portugal have announced their intention of making fine displays, evidently in an attempt to stem the tide that has set in in favor of California wines.

THE "LA LOMITA" GARDEN PARTY

With such names as Carrie Goebel Weston, famous violinist, Lander Steven the beautiful dramatist and Mr. Caldwell, San Francisco's star singer, on the program there is no doubt that the garden party at Mrs. Taylor's beautiful residence this (Saturday) evening will be a great success.

Throughout the evening the Sonoma Valley Band will render some beautiful selections. There will be dancing and refreshments.

The Southern Pacific's New Scheme to Prevent Accidents

"Safety", which is the watchword of of the Southern Pacific is to be moved further ahead in its code. It was the slogan "Safety First" that helped to make the record of "No Lives Lost Through Collision or Derailment in Nearly Four Years," on this road.

Now it will, through safety committees comprising officials and employes, try for an even better record for safety than heretofore and endeavor to prevent accidents of all kinds. As much regard shall be taken of the life and limb of the employe as of the passenger.

This move means the organiztion of a main safety committee to be composed of the division superintendents. There is to be a safety committee on every division to comprise the superintendent, members of his staff from various departments, a conductor, engineer, brakeman, fireman, yardmen, trackmen, signal-men, bridge and building man and a shop man. Each of these craftsmen will be the chairman of another distinct safety committee.

Between meetings, which will be held every month, each committee shall entertain suggestions that will tend to prevent accidents in all branches of the railroad service. Then these suggestions are to be brought up at the division committee meeting and then again at the general safety committee meeting. If a shop employe mashes his finger the shop committee will investigate and try to find a methad whereby others fingers will be protected from a re-occurance of the accident. The members of each committee are to be furnished with a button of artistic desigh.

Many of the suggestions that come from the employes may appear to be of minor importance, but at the same time easy to put in practice. This is to be encouraged by the committees as the men on the line see many things that mean for safety that may be improved and thus minimize danger to life and limb.
